

DECLARATION OF INDEPENDENCE BY FINNISH DIET CAUSES MORE TROUBLE FOR RUSSIAN MINISTERS

Cabinet Members Called Back From Front to Consider New Crisis.

KAISER'S FRANCHISE PLAN

Decree Directs That Equal Suffrage Be Submitted to Diet For a Decision. Fighting Reported to Have Begun Outside of Chinese Capital.

By Associated Press.
BERLIN, July 13.—The Finnish Diet on Thursday passed the second reading of a bill virtually establishing Finnish independence. The introduction of the bill has created a serious crisis here and C. T. Heide, president of the council of workmen and soldiers' delegates has gone to Helsingfors in an effort to settle the differences. An indication of the seriousness of the situation was a late sitting of the Petrograd cabinet and a decision of Premier Lvov to summon back to the capital the ministers now with the army. Train service on the Finnish railway was resumed Thursday. Great indignation prevails here at the attitude of the Finnish diet.

KAISER DEFERS DIET SHALL VOTE UPON EQUAL FRANCHISE

BERLIN, Wednesday, July 11. (via London, July 13.)—Emperor William has directed the following decree to the president of the state legislature:

"Upon the report of my state ministry made to me in obedience to my decree of April 7 of the current year, I herewith decide to order a supplement to the same that the draft of the bill dealing with the alteration of the electoral law for the house of deputies which is to be submitted to the Diet of the monarchy for decision, is to be drawn up on the basis of equal franchise. The bill is to be submitted in any case early enough that the next election may take place according to the new franchise. I charge you to make all necessary arrangements for this purpose."

Word was received several days ago that the German emperor had issued a decree of franchise reforms, but hitherto the text of the order which affects only Prussia has not been available.

RUSSIANS DRIVE EAST

WEDGEL IN GERMAN LINE

General Kouriloff's aggressive Russian army which already has driven a wedge into the Teutonic lines in Eastern Galicia appeared to be at the crucial point of their campaign for Lemberg. Having crossed the river Lomnica behind which the Austro-German forces planted themselves in their retreat from the Galicia region, the Russians have opened up the possibility of turning the whole Teutonic line northward along the Zlota-Lipa.

Desperate attempts may be expected on the part of defenders of Eastern Galicia however to prevent the continuation of this menacing advance beyond the Lomnica and the battles now in progress may be vital in determining the fate of Lemberg and all the Eastern Galicia territory. On the French front there has only been local fighting. Paris mentions sporadic artillery activity in sections of the Alsace front and to the north of Verdun.

The assaults apparently were not in strong force and failed under the fire of French guns.

General Haig's troops in Northern France continue comparatively inactive.

PRESIDENT WILL ACT TO SAVE THE FOOD BILL

WASHINGTON, July 13.—Administration leaders in the Senate let it be known today that President Wilson is expected to use his influence to prevent enactment of the food control bill.

The President is opposed to the pending bill offered by Senator Gore, chairman of the agricultural committee as a substitute for the House measure and which greatly restricts the proposed government control over foods and many other articles.

PURPLE CROSS WOULD BE DEAD DURING WAR

WASHINGTON, July 13.—A bill introduced today by Representative Moore of Pennsylvania would direct the Secretary of War to accept the volunteer services of the American Purple Cross association in recovering, caring for, and transporting and burying military and naval dead during the war. The Purple Cross association is headed by Howard S. Eckles of Wynette, Pa., as director general.

EMBRYO OFFICERS CAUGHT

PORT SHERIDAN, Ill., July 13.—As the result of a raid here last night 22 men working to obtain commissions as officers in the new army, were arrested, the men being caught. It is said, while playing dice for money. Fourteen of the men are members of the Illinois regiment and eight are of the Michigan-Wisconsin regiment. Upon Colonel W. J. Nicholson, commander at the post, will depend whether or not the guilty ones will be

summarily dismissed or merely placed under certain limitations.

EDWARD CROSSLAND ORDERED TO REPORT AT PHILADELPHIA
Edward Crossland of this place, formerly a member of Company D, has been ordered to report to the First Quartermaster's troop at Philadelphia. He expects to leave tomorrow. Crossland was a member of Company D when the soldiers went to the border last year, but was transferred to the divisional bakery there.

VANDERBILT MAN IS T. S. ARMY RECRUIT

James W. Pratt of Vanderbilt University, in the United States army, enlisted at the Pittsburgh recruiting depot.

SERGEANT WALTER RICHES VISITS HIS PARENTS HERE

Walter Riches, a member of the Eighteenth regiment, is visiting his parents, Mr. and Mrs. Charles A. Riches, of South Eighth street, West Side. He is home only for a short time.

Riches is a sergeant, being promoted to that rank when the Eighteenth was first called out, in charge of a mounted detachment at Ridgway, Pa. At present there are 60 horses stationed there and he expects 20 more to be added. The detachment is doing guard duty, but Ridgway is one of the places where headquarters of the Eighteenth are located, several being scattered throughout this part of the state.

LIUTENANT DILWORTH GIVEN OFFICER'S WATCH

Montgomery Dilworth, second lieutenant of Company D, was presented today at noon by the employees of the American Manganese company at Dunbar with a seven jewel Elgin officer's wrist watch, Harry Cook making the presentation speech. The watch was neatly and suitably engraved. Lieutenant Montgomery is employed in the office of the company and the gift from the other employees was a token of friendship and esteem.

REPUBLICAN ATTACK ON PEKING IS BEGUN; GENERAL HSUN FLEES

Three Thousand of Montanachist Leaders' Troops Lay Down Arms After Short Battle.

By Associated Press.
SHANGHAI, China, Thursday, July 12.—A Tien Tsin telegram says the Republican attack on Peking began at 10 o'clock this morning and that artillery, machine guns and aeroplanes are being used. Five or six foreigners who were watching the fighting from the walls of the city were wounded. The legations are receiving foreigners for protection and taking every precaution.

It is reported that telegraphic communication has been interrupted. TIENTSIN, July 12.—Republican headquarters reports that 3,000 troops of General Chang Hsun, the monarchist leader, surrendered in the Temple of Heaven after a fight of two hours. Chang Hsun took refuge in the Dutch legation. Fighting continues in the Forbidden City with a remnant of Chang Hsun's forces. A large fire is raging there.

LONDON, July 13.—A dispatch to the Exchange Telegraph company from Tien Tsin says that fighting again began outside of Peking yesterday.

MAKING TENNIS COURT

Methodist Episcopal Sunday School to Have One On Property.

The Epworth league of the Methodist Episcopal church is utilizing the vacant lot adjoining the church property, eventually to be used in the erection of a new building for a tennis court. The young men of the league are building the court themselves, having begun work last night. This is the first Sunday school tennis court to be made in Connellsville. When completed, it will be used by members of the church and their friends.

Tonight it is hoped that at least 60 workers will turn out to help clear up the field. All are asked to appear promptly at 6 o'clock. Lunch will be served by the girls of the Epworth league.

The work, while taken up first by the Epworth league, and in charge of one of its members, Ralph Silger, will not be confined to members of that organization, and will they also get the benefits of the completed court. In addition to the tennis, it will be possible to have a playground, volleyball court, and a place for other amusements on the ground.

HOSPITAL CORPS TO SHARE IN BENEFITS OF COMPANY D FUND

Men in Sanitary Corps Also to Take Care of With Money Donated.

The impression some people have gained that the Company Fund being raised for the use of the boys of Connellsville, Uniontown and other sections of Fayette county who will go to the front with the Tenth regiment is for the exclusive use of Company D, is wholly erroneous.

The fund is for both Company D and the Hospital Corps, the donors making no distinction whatever between the organizations, but desiring to provide for the welfare and comfort of both alike.

Whatever will be the total amount of the fund it will be divided in accordance with an agreement between Major R. S. McKee, surgeon of the Tenth and in command of the Hospital Corps, and Captain R. S. Morton, commanding Company D, in proportion to the number of men in their respective organizations. The Hospital Corps having 33 enlisted men and Company D 160, the apportionment of the fund will be about one-sixth to the former and five-sixths to the latter.

SUBSCRIPTIONS TO CO. D AND HOSPITAL CORPS FUND:

COMPANY D MAY NOT LEAVE UNTIL JULY 25

No orders for the mobilization of the Tenth have yet been received by the company commanders, not by Major R. S. McKee of the hospital corps, although the date set by the War Department for calling the guard to service is only two days off. Both Captain R. S. Morton and Major R. S. McKee expected to get word today, but up to noon nothing had been heard.

DON'T WANT BIG CELEBRATION HERE HELD ON LABOR DAY

Trades Council Fears It Will Conflict With Labor's Big Time at Uniontown.

At a meeting of the Central Trades & Labor Council last night, plans for the big Labor Day celebration at Uniontown were discussed and it was decided to confer with Antonio Bufano and ask him to have his proposed celebration here on some other date than Labor Day so as not to conflict with the big time the labor councils of the entire county are planning. Labor Day has been suggested as the day for Mr. Bufano's big time but no definite action has been taken.

Connellsville council decided to bite the Connellsville Military band to march with the members in the Labor Day parade.

A lawn party or festival is to be held soon by the council to raise funds for the celebration. No date has been arranged.

It was decided to send a letter to the local Red Cross depicting the fact that labor was not represented upon the executive committee which had charge of the recent drive for Red Cross contributions.

An invitation to the council to attend a performance at the Paramount theatre next Tuesday night as the guests of Manager C. A. Wagner was accepted. The council will go in a body.

WEDS TWO SOLDIERS

Morgantown Girl Comes Here With Carnival and Marries Second Time.

Admitting that she married two national guardsmen, the second without bothering with the legal formality of obtaining a divorce from the first, Mrs. Robert Patterson, aged 16 is in custody at Morgantown, W. Va., on a charge of bigamy.

A few months ago she married Ray Holmes, a national guardsman, at Clarksburg, W. Va., and following his departure for duty joined a carnival company. This showed at Connellsville where she met Robert Patterson another guardsman on June 25. On July 2 Patterson took his bride to Morgantown to reside and there she was discovered by Holmes, who had been discharged from the guard and was searching for her.

MAY START DRAFT DRAWING NEXT WEEK THOUGH ALL LISTS HAVE NOT REACHED CAPITOL

RECEIVER NAMED FOR CIRCUS; ATTACHMENTS MADE BY EMPLOYEES

South Side Trust Company of Pittsburgh Named to Adjust Coop & Lent's Affairs.

The Coop & Lent circus, which showed here on Wednesday, and remained here because of financial troubles, is in a bankrupt condition, and the United States district court at Pittsburgh has appointed the South Side Trust company of Pittsburgh as receiver for it, according to advice received by the morning press. The receivership was brought about at the instance of Horne's Zoological Arena company of Kansas City, which owns the menagerie, and which, it is claimed, has been paid nothing on its season contract. The Horne company's claim is for \$8,000.

J. S. Horne of Kansas City, who has been delegated by the receiver as its local representative, has asked permission of the court to give two benefit performances on Saturday to help out the employees.

The show is to be held here, according to Mr. Horne, within the next week or two.

The fact that there were two opposing factions among the owners of the show seems to have caused most of the trouble, since both factions were trying to get control. Yesterday, after the strike of tent hands and the issuing of attachments on the circus property, one faction of owners started for Pittsburgh with the intention of filing a petition in voluntary bankruptcy, the others bearing of this, went down to Pittsburgh in an automobile, also appearing before the United States district court with a bankruptcy petition.

The circus is still at Silgo. Following the issuing of more than 100 attachments on its property by both performers and tent hands, Deputy Sheriff Morgan of Uniontown came here this morning on business which he did not divulge, but which was said to concern the circus. The deputy sheriff, it is said by people who have done business with the show, had an attachment for \$4,000, due a lithographing company.

Anywhere between 75 and 100 attachments were issued by both performers and tent hands. GETS INJUNCTION

Owners of Wheeler Lots Claim Coal Company is Violating Rights.

The Wheeler Improvement association, of which Mayor R. Marietta is president, today secured an injunction restraining the Connellsville-Morrell coal company from stripping lots in Wheeler to get at coal, which it owns beneath them.

According to the bill filed in court, the Wheeler Improvement company owns many lots in Wheeler. The coal underneath them was sold to the Connellsville-Morrell coal company. Instead of mining this, the bill avers, the coal company is stripping the earth which covers the coal vein and thus decreasing the value of the surface land. A temporary injunction was granted by Judge Reppert and July 13 was set as a date for hearing.

About 4,000 of the 4,449 Local Exemption Boards Have Now Reported.

EVERY MAN TO BE DRAWN

Lottery Will Establish Order in Which Every One of 10,000,000 Registrants Will Appear Before His Board; Exemption Reasons to Be Printed.

By Jonathan Bang.
WASHINGTON, July 13.—Preparations for the final act in the organization of the national war army went forward rapidly today, indicating that with but slight delay it might be possible to hold early next week the drawing which is to establish the order in which each of the nearly 10,000,000 registrants is to appear before the exemption board.

Probably 4,000 of the 4,500 local exemption boards have now completed their organization, given serial numbers to the cards in their districts and collected copies of these numerical lists.

The office of Provost Marshal General Cowder had received 3,300 lists to early today and undoubtedly hundreds more are in the mail. It was stated authoritatively that as soon as the last board had reported to the adjutant general of the state, the federal government could begin the drawing. The fact that all numerical lists are either in Washington or in the mail will be sufficient, it will not be necessary for all to reach Washington.

Officials still decline to give exact details of the plan for the drawing (other than Secretary Baker's announcement that each man of the 10,000,000 would know after it was over his place among the registered men of his district and order of liability for service. It may be necessary to draw approximately 7,000 numbers. The fact that officials are withholding information as to the actual number necessary to draw, however, indicates that some plan for simplifying the drawing and reducing the mechanical task has been evolved.

Formal announcement was made by the War Department today that 837,000 men will be selected among those registered on June 5 to fill up the regular army, national guard, and first increment of the national army. The federal government, states, will distribute the quotas by states, however, leaving to the state authorities the task of dividing the total properly among the counties and making the actual credits to each district for the war volunteers it has already furnished.

West Virginia will be required to furnish 9,101 men, Pennsylvania 60,659, and Ohio 58,775. Another point that came up today was the appeal of various papers for permission to publish the names of men exempted and the reasons for exemption. Officials said this had already been given. The regulations provide that the records of the exemption boards shall be open to the public, including the affidavit filed by, or in behalf of, any man, and the action taken by the board.

The newspapers of the large population centers of the country have countered difficulties in their efforts to arrange for publication of the names of men in the order drawn. In some cases, papers would have to publish 500,000 names. It has been suggested that the result of the drawing be made public in chapters, over a period of days, so that the names for each lot could be published on the day of the announcement of their numbers. No action has been taken as yet and the decision still stands that all numbers be drawn and made public on one day.

NEW EXEMPTION BOARD IN THE FOURTH DISTRICT

HARRISBURG, July 13.—Governor Burchard today named a new exemption board in District No. 4, Fayette county, where all three members resigned. The new appointees are G. R. Ingaham, Masonstown; A. S. Stevenson, New Geneva; and A. D. Mayer, Point Marion. They succeed Dr. G. W. Neff, Masonstown, John M. Hall, Morris Cross Roads, and W. K. Ashton, Fairchance. The district embraces Mason town borough, Nicholson township, Springhill township, Point Marion borough, Fairchance borough, Georges township and Springfield township.

HEAD OF AARON FIRM MAKES HIS 40TH BUYING TRIP

Mr. Aaron Has Visited Grand Rapids 40 Times in 20 Years.

FOUR STORES ARE IN CHAIN

Starting With But One, Mr. Aaron and His Assistants Now Buy for Four Mill Remnant Centers at Grand Rapids, Lower Freight and Cash Discounts.

Mr. Aaron, of Aaron & Company, the local furniture company which conducts stores in Brownsville, Jeanette, Greensburg and Conneltsville, recently returned from his fourtieth consecutive trip to Grand Rapids, Michigan, to buy goods for the local trade.

Mr. Aaron's periodic trips to the furniture center attracted the attention of the Michigan Daily Tribune, which in its issue of July 7 comments as follows upon the big Aaron organization:

"The buyers of the four Aaron stores are in the city making their purchases as usual. Under the leadership of Mr. Aaron, who does the buying for the Conneltsville, Pa., store, which is also the headquarters of the syndicate, the buyers of the other stores are as follows: Mr. L. Neumann, Jeanette, Pa.; Mr. P. Gerschler, of Brownsville, Pa.; and Mr. O. P. Burns, of Greensburg, Pa."

"This is the fortieth consecutive trip of Mr. Aaron to this market. During the 20 years that he has been coming to this market, they have increased the number of their stores from one to four, and the volume of their business has now reached such a figure that it is very doubtful if stores in even larger cities handle as many goods as the Aaron stores. The quality of the goods handled by these stores also averages very high, a large percentage of it being medium and high-grade. It would seem that there are some very decided advantages accruing to the Aaron store through the possibilities of quantity purchases which could not help but react favorably to their customers. Taking advantage of cartload prices and with the lower freight rates necessarily applying to full car shipments, and with ample capital to take advantage of every discount, together with the ownership of their store buildings, it would seem that these stores are certainly in position to render a service to their respective communities which a less efficient organization would find it difficult to meet."

"The gentlemen usually spend a week or 10 days making their selections at this market."

The Magnetic Girl

Strength, stamina, vigor, physical force, personal charm and magnetic influence are not to be found with weak, thin, anemic men and women but are attributes of people with an abundance of vitality and red blood. Doctors and specialists of late years dwell upon the importance of guarding against phosphorus and iron deficiency and attention is drawn to the great number of ailments which could (with little effort and expense) join the ranks of healthy, magnetic men and women. Numerous notices have

appeared in the press from time to time telling of the remarkable benefits to be derived from the regular use of an organic phosphorus and iron preparation known among druggists as trophos. The properties in this preparation are so wonderful in their action upon the human system as to merit the unrestricted and unanimous praise of more than a score of the world's most celebrated specialists and are now rapidly gaining favor with American physicians. If you feel "worn-out" or "run-down," if you lack snap, stamina or physical force, if you have sleepless nights or are thin, nervous, anemic, and have that tired, listless feeling, get a supply of trophos and note the daily increase in strength, vitality, endurance, nerve force and firm, healthy flesh. This formula is printed on every package, show it to your doctor and ask him if trophos does not consist of the greatest strength and nerve tissue building properties known to medical science. It can be obtained from all first class druggists but any druggist who is out of stock can easily obtain trophos for you from his wholesaler.—Adv.

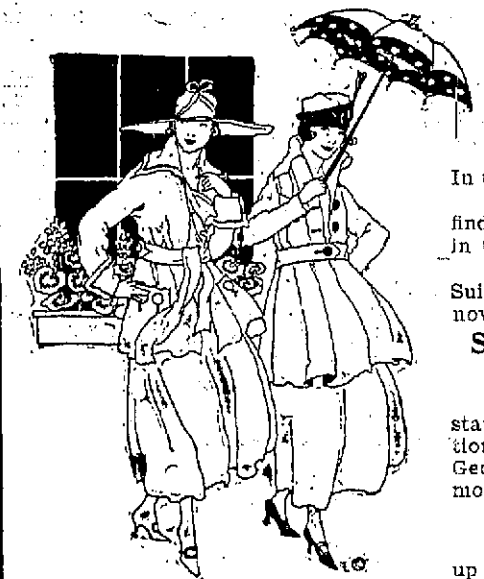

SIGNS DEFENSE BILL

Governor Brumbaugh Approved \$5,000,000 Loan Measure.
By Associated Press.
HARRISBURG, July 12.—Governor Brumbaugh today signed the bill passed at the recent session of the legislature authorizing the state to borrow money not exceeding \$5,000,000 for the purpose of repelling invasion, suppressing insurrection and defending the state in time of war.
The governor also acted on 50 other bills including the signing of the Veto bill imposing drastic restrictions on the sale of drugs, "the blue sky law," designed to safeguard investors, and the bill to license dogs and protect sheep.

INDIGESTION?

SICK HEADACHE? BILIOUSNESS?

No Excuse Now. It does not matter how long you have been suffering from those horrible sick headaches and bilious attacks. Stop taking harsh purgatives like Sulfate and Calomel at once, and take a dose of a purely vegetable compound that contains just what your Doctor would advise. These little tablets act directly on the kidneys and liver, but do not cause purging, only a gentle movement of the bowels being apparent. But oh, what a difference in your feelings by the morning; not only do you feel better, but you look better and think clearly.

Get a box of Lebanon Herb Tablets today simply asking your druggist for a 25c box of Lebanon Herb Tablets and take tonight as directions advise. Every druggist will refund the purchase price if they fail to satisfy you, so try them tonight at our expense. A. A. Clarke can supply you.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case. Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. H. Humes, 19 Majestic Apts., Omaha, Neb. In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women healthy and strong.

The annual picnic of the Trinity Reformed Sunday school was held yesterday at Shady Grove, with probably the largest crowd ever attending an outdoor of the Sunday school in attendance. In spite of the inclement weather, all spent a pleasant day. It was a basket picnic. The amusements of the day included a baseball game and races and athletic contests. The winners in the athletic contests were: Bill Throwing for young women, Misses Ivy and Hazel Perrot; race for women, Misses Gertrude Rhodes and Hazel Perrot; peanut race for children under six, Billy Robbins and Gladys Wagner; sack race for boys, George Miller and Mildred Palmer; sack race for girls, Irene Ackerman and Margaret Ackerman; slow race for boys, Francis Palmer and George Miller; apple eating contest, Harry Wagner and Carl Bigham. Eugene Wagner's baseball team beat the team captained by George Kuntz by a score of 13-6. A tug of war was started, but the rope broke in the middle, distributing the contestants around on the ground.

Twelve young girls who are anxious to make small things which will add to the comfort of the soldiers met yesterday afternoon at the home of Mrs. C. A. Port in Lincoln avenue and organized a County club. Margaret Jean Laling was elected president.

Large and successful was a garden party given last evening on the English garden of the Colonial Inn, South Pittsburgh street, under the auspices of the Business Women's Christian association. The spacious garden presented a gay and attractive appearance. The tables were decorated with American beauty roses, and crystal baskets of pink and white sweet peas caught with yellow tulle. Music was rendered by Kiefer's eight piece orchestra and by Miss Margaret Davies Newcomer and Miss Elizabeth Mae Brown, soloists. Ice cream, cake and other refreshments were served and quite a nice sum was raised towards furnishing the business women's room recently located. The various committees in charge untiringly worked towards the success of the party.

L. W. W. MEN, DEPORTED FROM ARIZONA, REFUSE TO REMAIN OUTSIDE

Train sidetracked at Hermans, N. M.; Douglas Prepares Warm Reception for Them.

By Associated Press
DEMING, N. M. July 13.—Word received here early today said the trainload of deported L. W. W. from Disbee was sidetracked at Hermans and the engine detached. The guards were removed from the train at Hermans. It is feared the deported men will hold up a westbound train and return to Disbee.

DOUGLAS, Ariz., July 13.—Citizens of Douglas today were prepared for a return of the 1,197 members of the L. W. W. and their sympathizers who were deported yesterday from Disbee. A message received by Chief of Police James H. East from Sheriff Harry Wheeler, who accompanied the train, said the deported men were threatening to return to Douglas on the first passenger train and it was feared that they would arrive here during the day.

Chief East issued a call for 200 special policemen to report for duty fully armed to handle the expected invasion. Reports from other sources said it was probable that the deported men would stop a westbound train and compel the crew to carry them back to Disbee.

COLUMBUS, N. Mex., July 13.—The army of L. W. W. who departed from Disbee yesterday and whose train was sidetracked at Hermans, New Mexico late last night, left Hermans during the forenoon today and strung out for a mile or more during the forenoon today and strung out for a mile or more on the tracks walking each in this direction.

On this information Columbus citizens turned out to repel any "invasion." The situation of the deported persons was described as desperate from lack of food.

PHOENIX, Ariz., July 13.—Governor Campbell this morning received the following message from President Wilson:

"Secretary of War has instructed General Frazier to send officers to Arizona to report to him conditions there with a view to co-operating in the maintenance of order.

"Meanwhile, may I not respectfully urge the great danger of citizens taking the law into their own hands, as your report indicates their having done. I look on such action with grave apprehension. A very serious responsibility is assumed when such precedents are set.

"Signed,"
"Woodrow Wilson."

PREPARE PRIZE LISTS

Plans for Dawson Fair Being Shaped Up; 10 Racing Events Carded.

Premont plans for the great Dawson fair, scheduled this year for Sept. 1-11, 12, 13, and 14, are now in the course of preparation and it is said that these lists will show that plans have been made for an exposition on a greater scale than ever before. There will be many new features, among them the airplane flights of Delroy Thompson, one of the most daring aviators in the country, who has thrilled thousands with his death-defying feats. The racing program has 13 events carded, and gives promise of presenting some fine sport. The Dawson fair is on the Lake Erie circuit, on which some of the finest horses in the country travel.

Tuesday, September 11, the opening day of the fair, has been set aside as Red Cross day, and on that day, the association will give 25 per cent of its gate receipts to the Red Cross.

Girl at Croker Home.
Announcements have been received here of the arrival of a daughter, the first child in the family, yesterday at the home of Mr. and Mrs. F. S. Croker at McKeesport. Mrs. Croker was formerly Miss Helen Durnell. The new arrival is a granddaughter of B. & O. Engineer and Mrs. G. N. Durnell of East Fairview avenue.

Frank Chosen President.
At a meeting of the directors of the Union National bank, C. B. Franks of Leisenburg was elected president to succeed the late Kell Long.

To Discuss Wage Raise.
The police and firemen are scheduled to meet with council this afternoon to discuss the question of a raise in wages.

SAVING TIME TABLES

New Conservation Order of the P. R. R. to Prevent Waste.

A general order issued by the Pennsylvania railroad instructed employees in effect, to turn in their old time tables and receive new ones. Such an order, the oldest employees say, was never issued before, and investigation developed that the order was for the purpose of conservation of material, to avoid waste. The time tables turned in will be baled and sold for junk.

In the past, hundreds of thousands of these time tables have been thrown away by employees when a new schedule of train service was ordered. In the future, however, the booklets will be turned in and the company expects to make a profit out of the salvage.

The same thrift is being exercised in all departments as regards all manner of supplies. The principle of "nothing wasted is being practiced on every hand.

COAL PRODUCTION

Shows Gains Over Output of Last Year as Transportation Improves.

Secretary Lane of the Interior department, in a statement issued Monday announced that a new record for coal production was set for the first six months of last year by about 20,000,000 tons.

"Even better news," the statement adds, "is that the limit has not been reached for as the railroads are able to work out to better advantage the problem of car supply, and give to the mines greater facilities for transporting their product to market, the supply of coal that reaches the consumer will be in steadily increasing quantities."

MINISTERS MEET.

Methodist Protestant Clergymen Convened at Broad Ford.

The monthly meeting of the Ministerial association of the Methodist Protestant churches of the Conneltsville district convened this afternoon in the Methodist Protestant church at Broad Ford and will close with a session tonight.

Among the ministers in attendance are Rev. W. H. Gladden of Greenwood; Rev. T. M. Gladden of Dunbar; Rev. A. R. Rush of Stahlstown; Rev. T. W. Collier and Rev. O. C. Carlisle of Uniontown; Rev. J. H. Lamberton of Conneltsville.

Needleworkers Picnic.
The West Side Needleworkers held a delightful picnic yesterday afternoon at the home of Mrs. J. R. Foltz at Dunbar. About 20 members and guests attended and all had a pleasant time. The hours were from 4 to 8 o'clock. A delicious picnic luncheon was served on the lawn, after which music was the amusement. Guests of the club were Mrs. Earl Porter of Carneys Point, N. J., the guest of her mother, Mrs. J. W. Raudman of Greenwood; Mrs. Frank Ritchey of Pennsylvania; Miss Irene Wilson of Pittsburgh and Miss Josephine Carr of St. Junction. The picnic marked the closing of the club season. The next meeting will be held Thursday, September 6.

Margaret Franklin, 13 years old and colored, daughter of John and Maggie Franklin, died Wednesday at the family residence at Adelaide following a brief illness. Funeral services were held this afternoon with interment in Hill Grove cemetery.

Boys Held for Court.
The six boys charged with stealing brass from the Baltimore & Ohio were held for court last night after hearings before Alderman Fred Monk. The cases had been continued from Saturday night.

Daughter at Rhodes Home.
A daughter was born July 6 to Mr. and Mrs. Harry Rhodes of Walnut Hill, Scottsdale. It is the first girl in the family, the other three children being boys.

GOOD ROADS DAY.

South Conneltsville People to Improve Highways.

There will be two Good Roads Days in South Conneltsville next week, on Wednesday and Thursday. Everybody is expected either to turn out and do a day's work or to pay for a day's work on the roads. Efforts will be made to put them in better shape than they have ever been before.

There seemed to be a popular demand among the citizens for having such days. George Snyder, George Miller, Charles Burkhardt and Carl Freshley have been appointed a committee in charge of the work.

DR. J. A. JAYNE KILLED.

Prominent Christian Minister Meets Unfortunate End in Ohio.

Rev. Dr. John Anderson Jayne, well known Christian church minister, was killed by a train on the Lake Shore & Michigan Southern railway at Bryan, O., on Wednesday.

Dr. Jayne was pastor of the Observatory Hill Christian church at Pittsburgh for 30 years and at the Belmar Christian church, East End, Pittsburgh, for about four years. He was prominent in Elkhound and in Masonic circles and addressed several Elks churches in Conneltsville. He also lectured in the Christian church. He was 50 years old.

What About Speculation.
An experienced stock broker, after retiring from business, made this significant remark: "I have never known a business man to speculate two years successfully." The fall of many a man may be traced to speculation. It is unsafe for any man with a limited amount of money to risk it in speculation. The Bank is the best and safest place for surplus money. The Citizens National Bank with resources of more than a million dollars invites your account; 138 North Pittsburgh street, Conneltsville. Adv.

Flanigan-Rodgers.
Cornelius Patrick Rodgers and Alice Marie Flanigan, a well known couple of Conneltsville, took out a license to wed in Cumberland. Miss Flanigan is a daughter of P. J. Flanigan of South Water street and has resided here virtually all her life. Mr. Rodgers is a salesman for the Westmoreland Grocery Company. The bride's father had received no word of the wedding this morning.

Albert Dales, of Waterburg and Elizabeth Gabbick of Elm Grove; William L. Randolph of Trotter and Anna L. Kinley of Conneltsville No. 2, were granted marriage licenses in Uniontown yesterday.

DUTY OF DRAFT ELIGIBLES.

The men who have registered under the conscription law, and will be subject to selection for military service, will have to keep themselves informed of the successive steps taken, otherwise they may become subject to the penalties provided for non-compliance with the law. While everything necessary will be done to give drafted men notice of the action taken by the district exemption boards, ignorance of such action will not constitute an excuse.

Although the posting of the list of drafted men in the office of the exemption board will be deemed sufficient notice, formal notice will also be mailed to the men chosen and a list of those who have been conscripted will be published in the papers. Thus, every possible precaution will be taken to advise eligibles of their selection, but the duty rests upon each to find out for himself whether or not he has been drafted, because failure to take the several forms of notice rendered their intended destination will not constitute an excuse. It will be necessary, therefore, for each eligible to keep in close touch with the progress of the draft.

Every man who registered must report for physical examination on the day named in his call whether he claims exemption or not. If he is found physically disqualified he will be given a certificate which will explain his further duties. If he is found physically qualified he can file a claim for exemption within seven days after his call and will then have 10 days within which to file proof in support of his claim. The names of those who are found physically qualified, and file no claim for exemption, or do not appear for physical examination, will be posted as those who have been selected for military service and not exempted.

In preparation for filing claim for exemption, and proof in support of the claim, the duty rests upon the applicant to correctly inform himself. This can be done by applying to the local board for the necessary forms and instructions how to proceed. After the claim is filed, with its supporting proofs, a decision will be rendered within three days. If the claim is allowed the applicant will be given a certificate of exemption which may be recalled at any time. If disallowed certification will be made to the district board that the applicant has been called for service and not exempted or discharged. Claim of appeal to the district board may be made within 10 days after notice has been posted by the local board that the applicant has not been exempted. Such appeal must be made on proper form and filed with the local board. Five days are allowed for filing additional evidence in support of the claim for exemption. Decision on an appeal must be made within five days after the closing of proof.

Persons claiming exemption on the score of being engaged in the industries, including agriculture, necessary to the maintenance of the military establishment, will be certified by the local boards as having been called and not exempted or discharged, and the district boards will act upon the claims, they alone having authority to grant exemptions on this character. Decision on such claims must be made within five days after the closing of proof. Appeals from the decision of the district boards can be made only to the President.

When appeals are finally disposed of, and in case no exemption claims are filed, the adjutant general of the state will mail notices to the persons drafted. The local boards will post the names and they will also be published in the newspapers. The men thus notified will constitute the membership of the National Army. Notice of selection will not be an order to report for duty, but will come when the government is ready to mobilize the new army.

It will thus be seen that every possible safeguard is provided to insure men the right of exemption when they are properly entitled to it, but the necessity of establishing this right rests wholly upon the applicants themselves. They must inform themselves of the proper method of procedure as well as keep themselves posted on all requirements and the progress of the draft.

Now that a Altheim Palmer, central leader of the Democratic foreign home in Pennsylvania has been appointed a member of an appellate exemption board by the governor, it will be as free in exercising exemption ship as he was when the local boards were named, with here and there a Republican among those chosen.

What is there about a Philadelphia brand of gasoline that can burn?

Every day we have new proofs of the patriotism and sacrifice of the American people but none quite surpasses the self-imposed restriction from eating pie by the people of Kansas.

Secretary Baker or some other high official will draw the draft numbers, inasmuch as the act must be performed by a blind-folded person, the secretary will be right at home on this job.

Emperor Bill and the rest of them might as well make it unanimous while the resigning is good.

A "strategic retreat" appears to be in progress by the official line in Berlin.

Brustion and Krontion are making a continuous performance of the drive on the Eastern front.

Rippling Rhymes

THE REPORTER.

The reporter is an agile young man who is hired to run down misinformation and have an intimate knowledge of the reporter will get too much English on the cue ball and turn in a play of chunk of information after which the reporter will to the reporter's apology on the iron plan in brilliant brevity, double loaded.

Reporters are kept on a newspaper so that people can see their names in print. Some people do not care to have their names appear more than four or five times a week, but for some reason they break into every edition in company with a half tone cut which can be read upside down without destroying the general effect. The reporter who can turn in the most mis-spelled names in a day is sure of steady work, and is of more value to his newspaper than a piano content while having nothing but a diary memoranda and a busted bank account.

It is not necessary for the reporter to be educated higher than the knees, but his legs should be kept in good working order, for without them he is a dead weight. Some reporters have better legs than others and cover more ground, but they do not interfere with their order of the English language, which at times is very similar to the world's language.

There are only two things on earth the reporter is afraid of—the city editor and the libel law. If the reporter does not like his way, the city editor would be removed from our midst and obliged to work at some honest occupation. One of the most common things that can happen to a new, self-proclaimed reporter is to turn in a long, painful story that sounds like a harp.

Reporters are born, not made, which should prevent people from becoming ambitious and slopping the paper while still highly delinquent.

keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco.

Names on request.

I am using Senreco myself. Gums have improved wonderfully.

I find Senreco a great help in my work.

I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

I find Senreco very beneficial.

I am using your excellent tooth paste in my home and the members of my family have given up their old-time favorites for Senreco.

Am well pleased with Senreco—so are my patients.

Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

PATRIOTIC LEAGUE OF MT. PLEASANT EXPLAINS OBJECTS

Issues Statements Regarding
Plans for Improving
Frick Park.

PLACE WAS LET TO CIRCUS

League Is Now Putting It Into Shape
For Use by Company E as Drill
Ground; Lutheran Women Give Com-
fort Kits to Church Members in Co. E.

Special to The Courier.
MOUNT PLEASANT, July 12.—The
Patriotic League is composed of rep-
resentatives from each church, society,
organization and fraternal order of
Mount Pleasant and vicinity. The ob-
jects of the league are patriotic and
civic improvement. The immediate ob-
jects of the league are in the beautify-
ing of Frick park in making it a de-
sirable place for rest and recreation.
So far, through the efforts of the
league, the park has been lighted and
other plans for beautifying it by plant-
ing trees and shrubbery, and having
concrete walks have been made.

In order to set all rumors at rest
the Patriotic League makes this state-
ment. League members say that
against the protest of the league, the
property committee of the borough
council rented the park to a circus
for a small sum. The circus left the
park in a miserable condition. At a
largely attended meeting of the league
on Wednesday evening the league took
measures to have the park put in order
at once so it might be possible for
Company E to use it as a drill ground
and to pitch their tents there. A force
of men were at work yesterday mov-
ing the debris of the circus left. A six
horse scraper and steam roller are at
work today and by Sunday it is be-
lieved the park will be in fine condi-
tion.

Baptist District Institute.
A district institute will be held in
the First Baptist church at Mount
Pleasant on Thursday afternoon and
evening, July 19. Mrs. George W.
Stoner will preside. The afternoon
program which will begin at 2 o'clock
is as follows: Devotions, Mrs. H. E.
Brothers, Mount Pleasant; paper,
"Current Events," Mrs. J. L. Upde-
graph; paper, "The Responsibility of
Motherhood," Mrs. P. D. Steelsmith of
Scottsdale; vocal solo, Miss Anna Ed-
wards; paper by a representative of
the Year W. C. T. U.; paper, "Home
Economics," Mrs. H. E. Lobb of Alver-
ton; reports of committees; election of
officers; question box; offering. The
women are requested to bring their
evening lunch. The Loyol Temperance
league will give an entertainment in
the evening, beginning at 8 o'clock.
The admission is free.

Give Comfort Boxes.
Mrs. Robinson Berg entertained the
ladies from the Lutheran Aid Society
at her Washington street home last
evening. These ladies a short time
ago presented a member of the local
company who is a member of the
church with a comfort box. The mem-
bers are Edward Bergman, Joseph
Kreigler, Fred Klaus and John Zorker.

three girls in the Seibert home.

Mrs. Martin Haxson and Mrs.
George Cobb of Connelville were
the guests Thursday of Mrs. Charles
Gaal, North Dawson.

Rev. J. B. Reed of Conelton spent
Wednesday with his daughter, Mrs. H.
J. Bell.

Mrs. Walter Goshorn of Scottsdale
was a recent guest of her aunt, Mrs.
George McGilli.

Mrs. William Macune of Lower Ty-
rone visited her parents, Mr. and Mrs.
A. Van Horn Wednesday.

Mrs. Arthur Fieldstone has return-
ed home from a visit with friends and
relatives in West Newton.

**How
to stop dandruff
and loss of hair
with Resinol**

Here is a simple, inexpensive
treatment that will generally stop
dandruff and scalp itching, and keep
the hair thick, luscious and lustrous:

At night spread the hair apart and rub a little
Resinol Ointment into the scalp gently with
the tip of the finger. Repeat this until the
whole scalp has been treated. Next morning,
shampoo thoroughly with Resinol Soap and hot
water. Work the creamy Resinol lather well
into the scalp. Rinse with gradually cooler
water. The last water being cold. All dandruff
will be kept off and the hair will grow.

THE PARAMOUNT.

"THE CRAB"—A five part Tri-
angle feature in which Frank Keenan
is starred and a Triangle comedy are
being presented today. In "The
Crab" Frank Keenan is seen as Fos-
ter Borrum, who is the wealthiest
man in the town of Norwalk. He
practically owns everything. He has
won his position by merciless grind-
ing and is regarded by the villagers
with fear and contempt. A stern man
with only one softening influence in
his life, his wife whom he idolizes.
His wife dies and Borrum turns on
the world with added bitterness and
hated. He is living a life of dreary
isolation when one day a visitor stops
off the train at the station, a little
girl; also alone in the world. She
has been tagged to her destination in
search of a relative who has long ago
disappeared. The villagers are too
poor to adopt the child. In a cynical
mood Borrum takes possession of the
child, Ivy Matton, portrayed by
Thelma Salter, and installs her in his
house. Ivy, acting for sympathy,
meets with no response from the au-
ster man, whose treatment of her
borders on brutality. Exaggerated re-
ports of this reach the authorities
and Borrum is haled before them.
Ivy, who loves the old man, despite
his cruelty, is the prime witness for
the defense and her loyal support
of her guardian wins the day. To-
morrow, William Desmond will be
seen in "The Paws of the Bear."
Monday, Ethel Barrymore will appear
in "The Raven," a Metro production
of intense interest.

SOISSON THEATRE.

The Soisson theatre was packed last
evening to witness the change of bill.
The favorite Joe Anthony's Fashion
Plato pleased better, if possible, than
the first part of the week. The
change of program Friday and Satur-
day promises to be as good as ever.
The Castle Square quartet is the hit
of the show. The Soisson Theatre
Orchestra is a permanent fixture and
is appreciated by all lovers of good
music. Friday the Patho News Week-
ly, "The Secret Kingdom" No. 7 and
a comedy. One show in the afternoon
and two at night Saturday there
will be a World-Brady feature, "Yan-
kee Pluck." The people of this city
will have the opportunity of seeing a
delightful and charming play of pa-
triotism and love in which a witty
and beautiful Yankee girl frustrates
the efforts of a wily Jap in trying to
secure the plans of a new army air-
plane constructed by the army offi-
cer with whom the girl is in love.

THE ARCADE.

"THE BATTLE OF SHEENANDOAH"
a comedy with music in one act, is
the offering of the Corbett Dream
Dream Girls' company at the Arcade
today and tomorrow. It will serve to
present again Pollianna, the wizard
of the piano-mecordian. Gertrude
Lynch, eccentric and original com-
ediane, Clair Churchill, brilliant
dancer, Selma Forrester, a real
dancer in the wool suffragette, and the
inimitable Dream Girls' chorus. At
this time when war is uppermost in
the public mind, this mild satire upon
military life serves to put a cheerful
view upon camp life. Jack Corbett
is a comedian of the first water and
puts over his plays in a most pleas-
ing way. His company is composed of
real artists. Pollianna will give an-
other concert on his \$1,000 instrument.
The screen show is composed of up
to the minute War Department films,
Pearl White in a detective-comedy
story and an exciting wild west tale.

LONGEST HOME RUN IN DISPUTE

Robbie of Brooklyn Tells of
Some Mighty Wallops.

KEELER'S WONDERFUL HIT

Ball Landed in Cub of Passing Train
and Traveled Miles—Jack Ryan Hit
One That Fell on Deck of Ocean
Steamship and Was Next Heard of
in Europe.

"I've been reading a lot about that home run made by Dave Robertson off Prudden's at the Cubs a couple of weeks ago," said Robbie during a fan-club meeting at Ebbets field, Brooklyn. "A lot of people are claiming that it is the longest hit ever made on the Polo grounds, and I'm not disputing them. Each Wheat and Casey Stengel have made some mighty long wallops in their time, maybe quite as far away as Robertson's. A home run is a home run, regardless of distance, and the more I see of them by our boys the better I like it."

"The old game is full of anecdotes about home run hits. Every baseball man, whether manager, player, player or fan, likes to talk about those circuit wallops, and each one can spin a yarn about a longer hit than the next. They tell about Billy Kneale dropping a homer over the left field fence at the old Boston grounds, where the ball landed in the cub of a passing train and went all the way to New York."

"But that isn't a marker to the one they spin about Jack Ryan of the famous Anson's Colts, who hit a ball over the fence when the New Yorks were playing at St. George, Sten Island. According to the story, the ball landed on the deck of an ocean steamer and never stopped till it got to Europe."

"Dave Orr once hit a home run for Cleveland that landed the pennant in Brooklyn, which is a swatting record from another angle," remarked Bill Dahlen. "It happened the last day of the 1899 season, as Dave used to tell it himself. The Brooklyn Bridegrooms and the famous St. Louis Browns were trailing week and week and it got down to the final game of the season to decide the championship. The Browns were winding up in Cleveland, where Orr was playing first. Dave came up in the ninth or thereabout and swatted the horsehide for the circuit with the bases full, beating the Browns, while the Brooklynans were stopped by rain in Baltimore. That was some home run of Dave's, all right."

"Hearing Bill Kennedy, who was with us in the nineties, used to tell us of home runs made on the Kansas City grounds that ought to go into long distance class," chimed in Boss Ebbets. "Bill used to say that it got so hot at that park the ground would split wide open and balls would drop into the sewers and disappear into the bowels of the earth. He wasn't sure but those holes led into subterranean rivers that found their outlets into the Rio Grande and thence to the Pacific. He always thought the first baseball ever used in Japan was one he hit for a homer on those Kansas City grounds."

"We have some pretty long hitting up in the Twilight League," drawled Lefty Russell, the young southpaw who has just arrived from Vancouver. "They tell of a ball hit up there that was grabbed on the wing by a big turkey buzzard and carried right into the blaze of the Aurora borealis. The said that Percy found that ball atop of the north pole when he discovered it."

PIPP A YANKEE SENSATION.

New York First Basemen One of Best
Players Ever Developed.

Walter Pipp, first basemen of the Yankees, is one of the most remarkable players developed in the last decade by the American league. Last season, while only twenty-three years old, this clever performer earned the home run title of his circuit and also batted in more runs during the season than any other ball player of the Johnson organization. His hitting was more effective than that of Tris Speaker, Ty Cobb, Joe Jackson, Eddie Collins and several others who topped him in the official averages.

Pipp bats fourth in Bill Donovan's order. Fourth place is considered the "clonous" position. There is a fine distinction when it is remembered that J. Franklin Baker, the home run king of Connie Mack's famous world champion pennant team, is now a teammate of the Michigan marvel. A young man who carries an offensive punch greater than that of Baker, Speaker, Cobb, Jackson or Collins has not wasted his baseball opportunities.

In Pipp and Baker the Yankees possess an ideal offensive pair such as has carried more than one team to success. Walter and Frank are to New York just what Ty Cobb and Sam Crawford were to the Tigers.

NORTH END WINS.

Jones' Aggregation Walks Away From
Yards Team to Tune of 5-1.

The North End defeated the Connellsville Yard team yesterday evening, 5-1. Swaps, pitching for the yards, had everything necessary except the support of the team.

The North Enders got a good start and hammered in enough runs in the early part of the game to give them a safe margin. Jones fanned each time up, not getting a hit.

COSSACKS WIN.

Take Pittsburg Brewery Into Camp
For Sixth Consecutive Time.

For the sixth time in six years the Dutch Bottom Cossacks defeated the Pittsburg Brewery team on Nigger Hill last night. The score was 2 to 1, consequently the Brewery team doesn't feel so badly beaten, at that.

F. Sandusky, pitching for the Cossacks, achieved a victory over his brother, P. Sandusky, who twirled for the Brewery. A big crowd attended.

Crowd Chases Umpire.
Trouble was narrowly averted at a game between the Fort Smith and Muskogee teams of the Western association when the crowd took exception to Umpire Shaffer's decisions. Shaffer was escorted from the park by Fort Smith and Muskogee players. The crowd followed for almost ten blocks. When Shaffer escaped by jumping into an automobile and speeding to his hotel.

RENN'S PAINFUL ASSIST
WINS A CLOSE GAME

PITCHER JOE BENZ recalls
one painful but lucky incident that happened when the White Sox were playing the Athletics. The game was a close one all the way, and the Sox had a one run lead when it came to the first of the ninth. If the Mackians didn't score the battle was won for Chicago. The Athletics got men to third and second, with two out, when Jack Lupp came to bat. Jack crashed a terrific liner straight at Benz. Joe didn't even see it coming, but felt it for the ball struck his ankle, was deflected and bounded straight into Shano Collins' hands. Shano was playing first. It won the game for the Sox.

Kathryn—Yes, I do use a little rouge,
but then you can't tell it.
Kitty—I can't? Why, I told it to
lots of men.—New York Globe.

DRAFT REGISTRANTS AND NUMBERS IN NO. 2 DISTRICT

A partial list of men between the ages of 21 and 31, eligible for draft in the new national army, with their serial numbers is printed below. Inasmuch as the War Department requires that every registrant find out for himself what his number is so that he may know when the drawings are made whether he is drafted or not, the list as printed in The Courier should be carefully preserved for future reference. It should also prove useful in locating slackers, of which there are said to be a number in this district.

The first column gives the registrant's serial number, the second his name and the third his address:

NERV-WORTH NEWS IS CHEERFULLY PASSED ALONG

By Joseph Mills, Resident Eleventh Street, West Side.

This is well worthy of republication: Connellsville Drug Co.—Was sick two weeks with stomach and bowel trouble. Pains in pit of stomach, usually about supper time and continuing for about three hours. My appetite was poor and sleep was not restful nor did I get the required amount of sleep. Did not feel like work. No vitality, no ambition. Would be tired in the morning. Only would get four or five hours sleep. Consistently.

I have had some Nerv-Worth treatment (only three days, all told). My troubles are all gone and I feel like a different man. No pains. Bowels regular. Sleep fine. Rested in morning. Appetite good. I am satisfied Nerv-Worth is a good medicine and I cheerfully recommend it.

POST HOLIDAY SLUMP HAS NOT OPERATED ACCORDING TO RULE

Spot Coke Price Refuses to Recede to the Former Level.

MARKET \$13.00 TO \$14.50

Demand Lighter; Offerings Limited Despite Relatively Good Supply; No Contract Quotations; Pig Iron Bull; Price Limitation Expected.

Special to The Weekly Courier.
PITTSBURGH, July 11.—Divergent statements are made as to the highest price obtained on regular sales of spot furnace coke in the recent bulge. It is well established that \$18.00 was paid for coke of ordinary standard quality, known as \$16.50 and \$16.00 may refer to coke of special grade or may be inaccurate altogether. It is asserted that blast furnace coke was sold at \$17.00 for foundry purposes. It is well enough to set \$18.00 as the record price in regular market transactions on this movement. This breaks the previous record, made last February, by \$3.00. When the new record will be broken up one ventures to predict. Before talk became common that there will be price limitation throughout the iron and steel industry there were predictions of \$20.00 and higher for coke. These did not seem unreasonable, considering that \$13.00 was paid last February when the furnaces were shipping more pig iron at \$18.00 than at higher prices, whereas most of the iron sold for delivery in the second half of this year was at \$30.00 and higher.

After Independence Day the spot coke market slumped off rather sharply, sales being made on Saturday at \$14.50 of coke loaded in Pennsylvania railroad cars. Most interests in the trade seemed to think that the decline would continue this week. The bulge had been due to the holiday, hence prices after the holiday ought to recede to the former level. The market having been \$11.00 to \$12.00 three weeks before the holiday. The market has done nothing of the sort this week, however, being if anything a shade stronger today than it was last Saturday. Coke in Pittsburgh & Lake Erie cars has been commanding \$13.00 to \$13.50 this week, being at a discount because the cars are not allowed to leave the rails of the New York Central, while coke in Pennsylvania and Baltimore & Ohio cars has been commanding \$14.00 and \$14.50, depending on tonnage, grade, etc. Thus the market is off only about \$1.50 from the remarkable level reached on the heavy demand preceding the holiday. The demand for coke is much lighter, some familiar buyers being out of the market entirely, but the offerings are very limited, despite the fact that car supplies are reported relatively good. It is said that cars accumulated over the holiday and that the men returned to work sooner than expected. Nevertheless the price of coke stays up.

A few contracts for second half coke were closed from two to three months ago, as reported at the time. After that there was no disposition on the part of operators to make contracts, while the furnaces did not seem to be willing to negotiate except at prices well below the spot market, and thus there was practically no business done. The contracts expiring June 30 without regular renewal have in general been succeeded by arrangements whereby the coke will be shipped just the same, but the price will be fixed weekly, in accordance with the spot market. The market stands quotable as follows:

Spot furnace \$13.00 to \$13.50
Spot country \$13.50 to \$14.00
The Pittsburgh district coal market is moving more smoothly than might be expected after Secretary of War Baker published what appeared to be a repudiation of the arrangement reached between the coal operators and Secretary Lane. Sales of spot coal are being made at the prices arranged and there is no evidence that any other prices are being charged.

A range of 25 cents according to whether or not a brokerage is charged, the market thus being \$3.00 to \$3.25 for slack and mine-run and \$3.50 to \$3.75 for screened coal, per net ton at mines. Brokers have fairly large buying orders but find it difficult to secure coal. The arrangement did not affect contracts and it appears that there was no contract tonnage thus estimated.

The pig iron market has become dull if not actually stagnant. Consumers either feel that present prices are prohibitive or that by government influence or otherwise there is soon to be a reduction. It seems to be the belief of the majority of the iron and steel trade that by one means or another, prices will soon be limited for coke, pig iron and finished and unfinished steel. The only change in market quotations is that the maximum on foundry and malleable is \$1.00 a ton higher, by reason of some small sales for prompt shipment at the advanced figure, the market being now quotable as follows:

Base \$24.00 to \$25.00
No. 2 foundry \$24.00 to \$25.00
Malleable \$24.00 to \$25.00

These prices are f. o. b. Valley furnaces, prices delivered Pittsburgh being higher by the 75 cents freight.

Average prices of spot coke for the first half of the year have been as follows:

Month Furnace Foundry
January \$13.00 \$14.00
February \$13.00 \$14.00
March \$13.00 \$14.00
April \$13.00 \$14.00
May \$13.00 \$14.00
June \$13.00 \$14.00

Average prices of pig iron in the Valley market have been followed:

Month Basic Country
January \$24.00 \$25.00
February \$24.00 \$25.00
March \$24.00 \$25.00
April \$24.00 \$25.00

COKE TRADE SUMMARY.

A greater cheerfulness prevails among the operators of the Connelville region this week than has been experienced for many months, and certainly very much more so than was felt during the corresponding week of last year. This week of mine due to the annual Fourth of July slump in production having been decidedly less than in 1916 and to the fact that car supply has undergone such an improvement that, if the present rate is maintained, the region will have to speed-up its operating schedule.

A year ago production slumped 14,000 tons to 30,000 following the observance of Independence Day. This year it slumped but 21,000 to 35,000 tons or only 10,000 tons less than last year. Last week's shipments of 25,000 tons fell behind about 20,000 tons, but were only 7,000 tons less under the total of 101,500, hence the improvement of the present year over last is really greater than a mere comparison of the totals make it appear.

Car supply is holding close to the limit of 100,000. At the present rate of distribution the region will be able to load out this week all the coke it can produce with present working forces.

There was a drop in spot furnace coke prices last week, but further recessions will have always followed at this season did not take place, the market developing rather greater strength and the figures named remain the present quotable range. Spot foundry holds \$1 a ton above furnace.

STEEL MARKET AT STANDSTILL

Little Buying Being Done. Consumers Held Out for Stand by and Observe the Course of Events.

Special to The Weekly Courier.
NEW YORK, July 11.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows:

The iron and steel market has come to a still more complete standstill. There is business being done in pig iron, but the purchases are being made by but a limited fraction of the trade, the great majority of consumers being content to stand by and observe. In unfinished steel there is scarcely any business, but that has been the case for several weeks past. In the finished steel products practically the only activity is in small lots required for early delivery, with but a very few mills in position to consider the business. Some interests connected with the amusement industry were disappointed at a large steel interest refusing to quote on the structural steel for a large building and took their complaint to Washington. The authorities there informed them that they would send a letter to the steel interest complaining of, warmly commending its refusal to bid. The common view seems to be that the lack of interest among buyers is due chiefly to the thought that iron and steel prices will probably be fixed in the near future at maximum levels far below the present quoted market. In a measure this may be true, but there is a possibility of cause and effect being confused. The chief reason for limiting prices is that present quoted prices are prohibitive to the great majority of consumers. They could not come out even, let alone earn excess profits for taxation. The principal question now seems to be whether the price fixing will be voluntary on the part of producers. The criticism of the coal price arrangement by two cabinet officials is not encouraging in this connection.

The United States Steel Corporation's untold obligations decreased by half a million tons during June, its bookings being not more than 60% of capacity. The bookings were chiefly of government orders and special orders from preferred customers, the corporation subsidiaries having been out of the open market for two months or more.

The Pittsburgh district coal market is moving more smoothly than might be expected after Secretary of War Baker published what appeared to be a repudiation of the arrangement reached between the coal operators and Secretary Lane. Sales of spot coal are being made at the prices arranged and there is no evidence that any other prices are being charged.

A range of 25 cents according to whether or not a brokerage is charged, the market thus being \$3.00 to \$3.25 for slack and mine-run and \$3.50 to \$3.75 for screened coal, per net ton at mines. Dr. Beck Says Hot Sun and Heat Weaken the Eyes

Tells How to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

New York, N. Y.—Do you wear glasses? Are you a victim of eyestrain or other eye weakness? If so, you will be glad to know that, according to Dr. Beck, there is a remedy for you. He says that exposure to sun, wind, dust or other causes produces eyestrain, and people living in warm climates should frequently bathe the eyes and be careful to protect them from extreme light. This prescription will prove of great value to many eye sufferers. Many who have been told they have had their eyes weakened through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read and my eyes did not water any more. At night they would pain me dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed clear with or without glasses, but after using this prescription for fifteen days everything seemed clear. I am now reading this paper without glasses. I believe that thousands who were almost blind are relieved in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple plan. Here is the prescription: Go to any apothecary and buy one box of Ben-Optic Tablets, drop one Ben-Optic tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to have them washed in the two days. Many have been cured by this method. It is a very wonderful remedy. It is a constant (read acts are) known to eminent eye specialists and widely prescribed by them. The manufacturer guarantees it to give relief at 50 cents in one week's time in many instances. If you do not get relief, you may obtain from any apothecary a refund of the money. It is sold in many drug stores and is one of the few preparations I feel should be kept on hand for regular use in almost every family. It is sold in Connelville by J. C. Moore.

The Daily Courier

Will give the following described Bicycle to the Boy that can get the largest number of Votes and Coupons during the next few weeks.

This Contest will be different from any other contest ever held in Connelville for this reason. No candidate will be required to collect any money on subscriptions. The subscriber signs an order to take The Daily Courier for a certain number of months, and we will collect by the month, therefore it is not a money contest. This gives every candidate an ABSOLUTELY EVEN CHANCE.

The Contest opens Saturday, July 14th and closes July 30th, 1917.

This is a Boy's Bicycle and only boys can be candidates. Come to The Courier office for instructions and Subscription Blanks and you can also see the best Bicycle ever brought to Connelville—The Ranger Motorbike with electric light and hand horn.

DISCRIPTION FOLLOWS:

THE RANGER SUPERB "MOTOR-BIKE" MODEL has a special sloping motorcycle frame with re-enforcing top bar, which gives the rider a very low riding position, similar to that found on a motorcycle. The front fork has been re-enforced by a double truss, reaching from the front wheel axle to the steering head of bicycle and hinged at the fork crown. In place of a tool bag, we equip this model with a steel tool box fastened between the slanting top bar and the supporting lower bar of the frame. This tool box has a hinged door on the right-hand side which, when opened, gives the rider ample storage space for tools, etc. The "tool box" looks exactly like a gasoline tank on a motorcycle and instantly "taken" with riders who are anxious to have their bicycles resemble a motorcycle.

A quick-action MOTORCYCLE style STAND is provided for the rear wheel. To carry it in the riding position, a special spring clip is welded (not clumsily screwed on) to the lower end of the rear mud guard. Supported from the rear wheel axle by sturdy braces, a WELDED REAR PLATFORM CARRIER is also furnished that has a new and special type of attachment to support it on the rear stays beneath the saddle. Both stand and carrier are enameled a beautiful ebony black to harmonize with the black trim of the saddle springs, which sets off the golden brown and ivory white finish that is given to the balance of the machine. On the road, its style and finish attract, quick and approving action.

To add the last details of completeness to a model that already leads the world for style and new features—we are fitting all new Ranger Superbe Motorbike Models with a complete electric lighting outfit and a new \$1.50 Hand Horn, regular automobile style, but so beautifully and compactly built that it weighs only a trifle over one pound. We call it the "Catamount" Horn, and it "sounds" like a 12-cylinder roadster coming down the road at 60 miles an hour.

The high grade \$2.00 ELECTRIC HEAD LIGHT takes with it a special new clamp that enables the rider to mount it on front of mud guard, over front wheel, or (optionally), on handle bar. The battery case is mounted on top bar like a gas tank, and the "on-and-off" switch is easily accessible to rider.

The latest improved MOTORBIKE HANDLE BAR has new style cross brace in center, and is fitted with a new special forged long forward extension stem in which it is gripped securely by milled teeth. To the bar we fit the long, flexible SUPERBE (spring steel, re-enforced) RUBBER MOTORBIKE GRIPS.

Genuine "MOTORBIKE" RUBBER PEDALS, "ARISTOCRAT" SADDLE, BRAMPTON ROLLER CHAIN, SUPERBE featherweight steel MUD GUARDS and patent leather detachable SPLASHER are also regular equipment on this model. In all other respects, it is genuine "Superbe" quality throughout, as explained in the detailed "Superbe" specifications.

The Schedule of Votes will be as follows:

A New 4 Months Subscription, 400 Votes—Old, 100 Votes
A New 8 Months Subscription, 800 Votes—Old, 200 Votes
A New 12 Months Subscription, 1200 Votes—Old, 300 Votes

Coupons will be a big factor in this Contest. Have your friends save them for you and follow the instructions printed on the Coupon.

No Subscription in this Contest can be taken for longer than 12 months. Candidates cannot transfer Votes.

RUFFSDALE GIRLS PLANT EIGHT ACRE FARM IN CABBAGE

Smith Sisters Transplant 100,000 Plants; 10,000 Heads Ready.

WORK HAS BEEN SUCCESSFUL

Celebrated as Cabbage Queens in Ruffsdale, Miss Peterson gives picnic for Primary Class of Trinity Reformed Sunday School News Notes.

Special to The Courier
RUFFSDALE, July 12.—The Smith sisters of Ruffsdale, who were such successful growers last year, have come to the front again this year and are raising cabbage on a larger scale. They have just completed the transplanting of 100,000 cabbage plants. The girls have eight acres under cultivation. Their father has just given them "his ground off the farm." The Smith girls' record for planting in

one day is 2,500 plants. They have now ready for market 10,000 heads of the very finest quality cabbage. The cabbage for the most part is very solid, and when the late crop is ready they will have some excellent cabbage.

Missionary Society Meets.
The Ladies' Missionary society of the First Presbyterian church held its meeting yesterday, with the following committee in charge: Mrs. Elroy Hough, Mrs. Robert Gore, Mrs. John Gearhart, Mrs. John Hurst, Mrs. Harry Hurst, Mrs. Olive Hurst, Mrs. Calab Holtzer and Mrs. Joseph Kelly. Miss Anna English was the leader. Mrs. G. E. Huttelmaier gave the review of foreign missions and Mrs. W. I. Shotts gave a review of home missions. Refreshments were served and a social hour followed the meeting.

Primary Department Pleats.
Miss Kathie Peterson gave a picnic at the Trinity Reformed church yesterday afternoon for the larger class of the primary department. The hours were from three to five o'clock. Games were played during the afternoon and a supper was served at 5 o'clock. Those who were at the picnic were Robert Richards, Isabel Shirey, Don Parker, Dorothy Dimmitt, Tom Hill, Mattie and Virginia Porter, Betty Kennedy, Katharine Peterson,

1,000 I. W. W. MEN ARE DEPORTED; MAY FLEE INTO MEXICO

Rounded Up in Arizona Town by Armed Citizens, and Loaded into Freight Cars.
By Associated Press.
PHOENIX, Arizona, July 12.—One thousand members of the I. W. W. were being rounded up at Bisbee today by armed members of the Citizens Protective league and will be deported.

This morning members of the organization were searched for arms and loaded in freight cars.

According to word from Bisbee, the work of deportation was being done thoroughly and systematically.

Greatly outnumbered, members of the I. W. W. who had not left town were herded in the baseball park. There a guard was maintained and as fast as the men were brought in they were searched for arms and red cards showing their membership in the I. W. W. Nearby, on a siding were outside and box cars where the men were taken. There other guards saw to it that they remained. This train, it was stated, will be sent out of town later.

It was reported here the deported I. W. W. members would be forced to flee into Mexico as California, Texas, and New Mexico have put up the bars against them. The train, it is understood, will be routed from Bisbee direct to Tucson and will arrive here late this afternoon.
